

Quick screenshots of the main 3 widgets.

The screenshot shows a web browser window for 'ClusterGo' at 'localhost:58146'. The page title is 'Available Rides'. There are four ride listings, each in a card-like format:

- Nada Nabil** (8:19 PM)
Main Gate → Nasr City (2 seats available)
- Sara ALi** (8:34 PM)
Engineering Building → Heliopolis (3 seats available)
- Rghda shehata** (9:04 PM)
Library → Maadi (1 seat available)
- Tasneem Muhammed** (9:24 PM)
Main Gate → Downtown (2 seats available)

At the bottom, there is a navigation bar with three icons: 'Home' (blue house icon), 'Create' (plus sign icon), and 'Profile' (person icon).

Profile

The screenshot shows a web application interface for creating a ride intent. At the top, the browser title bar reads "ClusterGo" and the address bar shows "localhost:58146". The main header is "Create Ride Intent". Below it, a section titled "Ride Details" contains fields for "Pickup Point" (with a location pin icon) and "Destination" (with a location pin icon). Underneath these are date and time inputs: "Date" set to "14/11/2025" and "Time" set to "20:06". A note below says "Available Seats: 1" with a horizontal slider. At the bottom right is a large blue button labeled "Create Ride Intent". The footer has three links: "Home" (with a house icon), "Create" (with a plus sign icon), and "Profile" (with a person icon).
